The Following information is a Public Safety Response to a Confidential and Pre-decisional Document WTC Operations Data Request #3, James R. Lawson, NIST/NCST Dated November 13, 2002.

PANYNJ Emergency Personal operating in and around Towers 1 and 2 before the buildings collapsed.

There were 237 members of the Port Authority Police Department on the scene prior to collapse of WTC Tower One. Of these, ninety-one have been documented to have been inside the complex prior to collapse. Of these thirty-seven died and fifty-four survived. (See attached rosters)

The remains of twenty-two members of the Port Authority Police force have been recovered and fifteen remain missing.

PANYNJ Emergency Personal operating in and around Building 7 before the building collapsed.

There is no written documentation of PAPD personal involved in any rescue or evacuation of victims from 7 WTC.

The majority of the Port Authority Handwritten Reports come from survivors who were in the following locations:

- The underground mall area
- Church and Vesey Street just north of the complex,
- WTC Police Desk in Building 5
- Vesey and West Streets
- Survivors who escaped from One WTC
- Brooklyn Battery Tunnel Area

There is no available written documentation of activities which occurred inside Two WTC. There is little written documentation of Port Authority activity south of 2 WTC and Liberty Street. (See attached Handwritten Reports)
